

**I Product Identification:**

**Product Name-** Spec Prep    **Product Use-** Ophthalmic lens cleaner and pre-tint conditioner  
**LAST UPDATE** 03/03/2004  
**Identification Number-** 6201,6210                      **NFPA Hazard Ratings:** Health- 1, **Fire- 0**, **Reac.- 0**

**II. Hazardous Components:**

<u>Hazardous Ingredients</u>	<u>CAS or UN number</u>	<u>TLV (mg/m<sup>3</sup>)</u>	<u>LD50/LC50</u>
None			

**III. Physical Data:**

**Appearance and Odor-** Clear liquid with no odor  
**Density (g/ml)-** For liquids and solids, density = specific gravity  
**Evaporation Rate (Butyl Acetate = 1)-** As Water  
**Melting Point-** 0°C (32°F)                      **Boiling Point-** 100°C (212°F)  
**Percent Volatile (v/v)-** Not Available                      **Odor Threshold-** Not Available  
**pH-** 5.0                      **Physical State-** Liquid  
**Specific Gravity (Water = 1)-** 1                      **Solubility in Water-** Complete  
**Vapor Pressure-** As Water                      **Vapor Density (Air=1)-** As Water

**IV. Fire and Explosion Data:**

**Flammability (Flashpoint below 37.8° C)-** No                      **Flammable Limits:** Lower- NA , Upper- NA  
**Flash Point-** Not available                      **Autoignition Temperature-** NA  
**Extinguishing Media:** Water Spray/Fog  
**Explosion Data-** None                      **Special Fire Fighting Procedures-** NA

**V. Health Hazard Data:**

**Primary Routes of entry:** Skin, Inhalation  
**Eye-** May cause irritation.                      **Skin-** No irritation expected. May cause irritation of sensitive skin.  
**Inhalation-** No irritation expected.                      **Ingestion-** May cause nausea, vomiting, diarrhea, general gastrointestinal discomfort.

**VI. First Aid Data:**

**Eyes-** Flush with water for at least 15 minutes. Consult a physician if irritation persists.  
**Skin-** Wash with soap and water. Consult a physician if irritation persists.  
**Inhalation-** Remove to fresh air if effects occur. Consult a physician if irritation persists.  
**Ingestion-** Give at least two glasses of water and do not induce vomiting. Contact a physician.

**VII. Corrosivity and Reactivity Data:**

**Stability-** Stable  
**Conditions to Avoid-** Oxidizing materials  
**Decomposition Products-** May produces byproducts carbon dioxide and carbon monoxide.

**VIII. Chemical Handling:**

**Polymerization-** No  
**Handling and Storage-** Exercise reasonable care and caution. Keep and store in a cool dry area.  
**Leaks or Spills-** Use dry absorbent material to contain spill. Dispose of material in an approved container.  
**Waste Disposal Method-** Reprocess or burn in an approved incinerator in accordance with all federal, state and local requirements.

MATERIAL SAFETY DATA SHEET

**IX. Personal Protection Information:**

**Eye-** Use goggles for splash protection.

**Respiratory-** None normally required.

**Gloves-** Use chemical resistant gloves if sensitive to material.

**Footwear-** None normally required.

**Ventilation-** Mechanical (General)

**Work, Hygienic, Maintenance Practices and Special Clothing:** Exercise reasonable care and caution.  
Wash before eating, smoking or going to the bathroom.

**X. Special Precautions or Other Comments:** Do not freeze. If received frozen place container in warm water for 15 minutes to thaw.

**XI. Toxicological Data:**

**Carcinogenicity-** Not available

**Teratogenicity-** Not available

**Mutagenicity-** Not available

**Reproductive Effects-** Not available

**TLV (mg/m<sup>3</sup>)-** Not available

**LD50-** Not available

**LC50-** Not available

**XII. Regulatory Information:**

**Sara Hazard Category-** None.

**Canadian Right To Know-** Not a controlled product under WHMIS.
